Marie, Ken, Bill & John,

I would like to congratulate you and NYSAFLT for the arrival of your 100th year. From the moment I decided to become a Spanish teacher, NYSAFLT has provided me with confidence, skill and a life-long network of NYSA-Friends to whom I am greatly indebted. Since the time I left the NYSAFLT Board of Directors I have entrenched myself in everything related to non-profits, development and fundraising. What I already learned from NYSAFLT and learned in my other non-profit work is that the success of such an organization hinges upon the personal investment of individual members and donors. Sometimes all one has to do is ask.

The 100k for 100 Years campaign is genius. It is exciting! It is also very necessary. I applaud you all for embarking on this campaign and I am proud of each of you for making such a substantial personal investment in our beloved organization.

Nowadays, I wear too many hats and have been unable to commit as much time as I would like to NYSAFLT. I am honored that I was asked and I am happy to become a Century Club Leader with this \$1000.00 donation. If there is anything I can do to support this campaign, please include me.

Fondly,

Mike Mitchell
